

AN ISO / TS 16949 : 2009 Certified Company

POWDER METAL PARTS

An Overview

SCPL is a young manufacturing industry founded in 1999 by Mr. Madan Bassi Chairman of Suraj Group. Manufacturing of sintered parts for serving industries like Automobiles, Farm Equipments, Home Appliances, Business Machines and Electrical Equipments is our core business.

Responsiveness to specific requirements of customer is our asset. We are based at the most convenient location in the industrial belt of Ludhiana, Punjab. With this approach utilizing the values of technical competence & excellent quality with continuous improvement is our strategy.

Capabilities

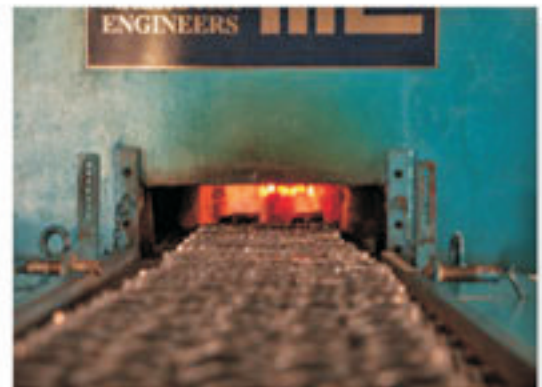

- 30 Compacting Presses ranging from 5 to 200 Tonne
- 3 Sintering Furnaces capacity upto 150 Tonne monthly
- 10 Sizing Presses ranging from 5 to 150 Tonne
- Steam & Heat treatment furnaces

Advantages

- Unique materials—Unlimited alloy composition
- Net shape—Little or no metal loss
- Maintains close dimensional tolerances
- Eliminates or minimizes machining
- Cost effective – Savings over machining, casting & forging process

We follow MPIF Standards & IS:3980-1982

We are certified ISO/TS 16949:2009 company
